Total Revenue by customer state

Key Findings

1. **Late delivery hurts reviews badly.** Orders delivered on time or early average **4.3 stars**, orders 1–5 days late average **3.0**, and orders over 5 days late average only **1.7**.
2. **Revenue is concentrated in one state.** São Paulo (SP) places about **42% of all orders** (41,746 of 99,441) and brings in about **38% of revenue** (R$5.2M of R$13.59M).
3. **Most customers pay by credit card.** About **74%** of payments use a credit card, and over half of those customers choose 3 or more installments.
